# Welcome to our Project

## Introduction

Our project is an initiative that aims to raise awareness of nature in children and also develop digital competencies. Schools in Ankara, Eskişehir, Trabzon, Niğde, Diyarbakır and Şırnak from Turkey participate in our project. Our partners in Italy, Jordan, Azerbaijan and Georgia are also included in our project.

## PROJECT TEAM

# About Us

## Who We Are

We consist of students studying in secondary schools and our teachers who lead us. Our main goal is to protect our environment as livable. Explaining to our other friends that other living creatures have the right to live

We  
Work  
Natura

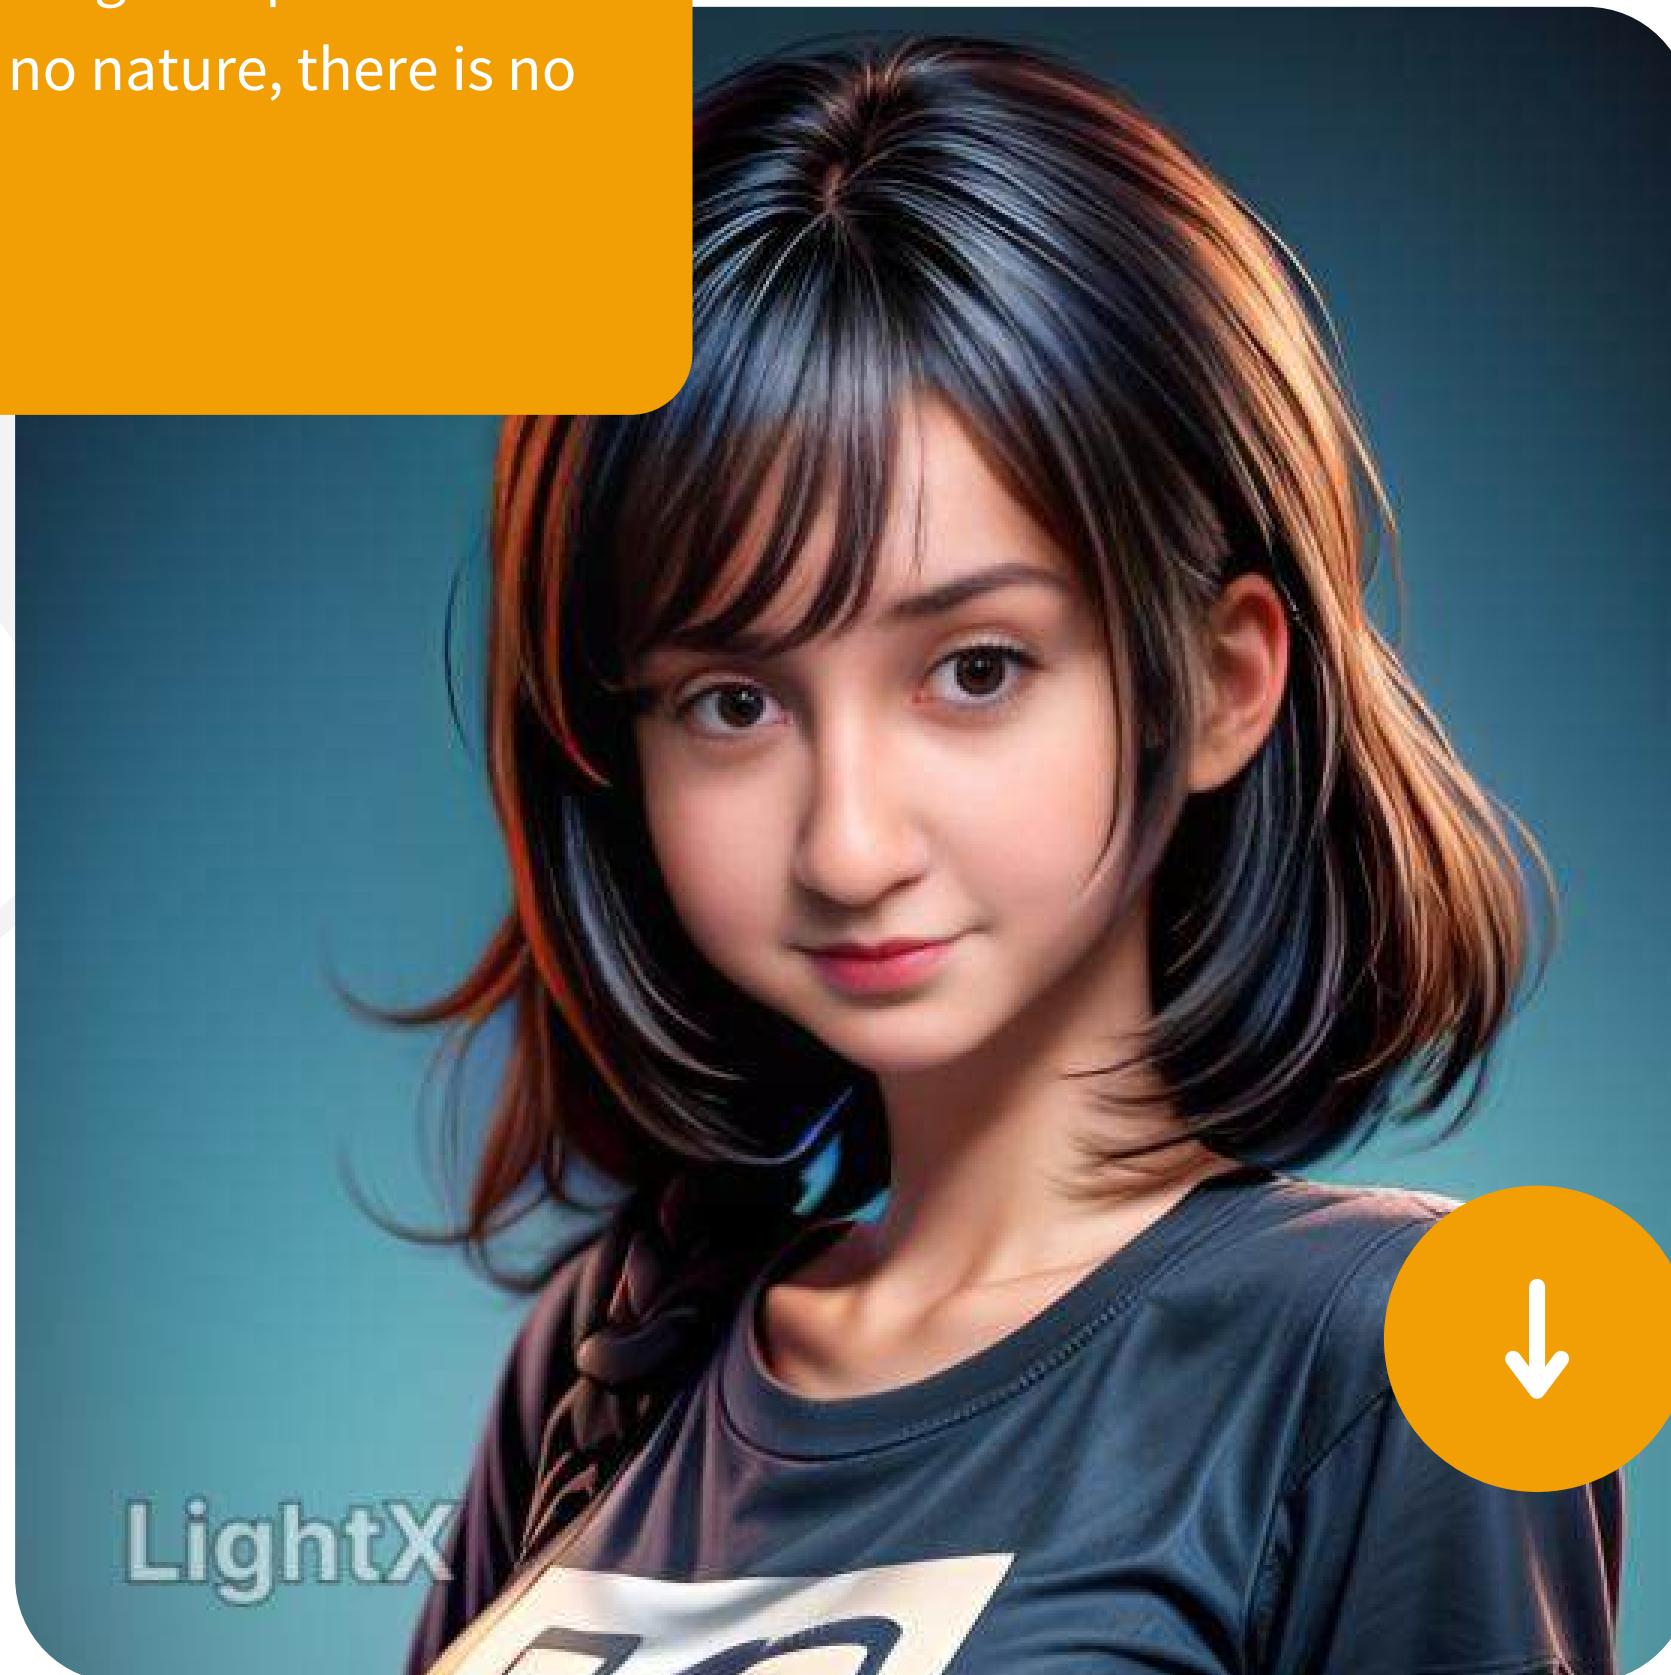

**WE Work NATURA**

**2023-2024**

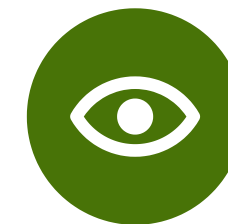

**weWORKnatura**

All living things are part of nature.  
If there is no nature, there is no  
human

# Our Vision & Mission

## Movement Goal

### Vision

What we will do is to carry out our work with a common decision and to produce a common product from different opinions. To develop cooperation to do better work in the future

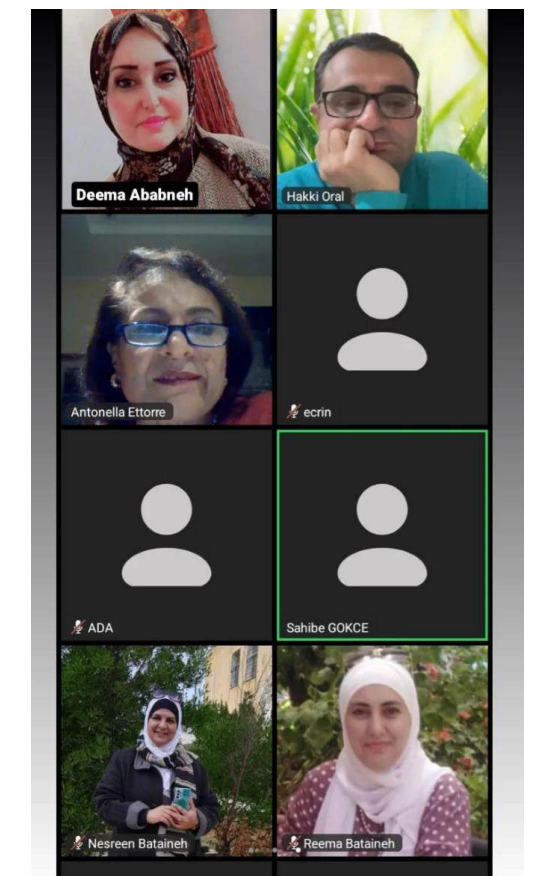

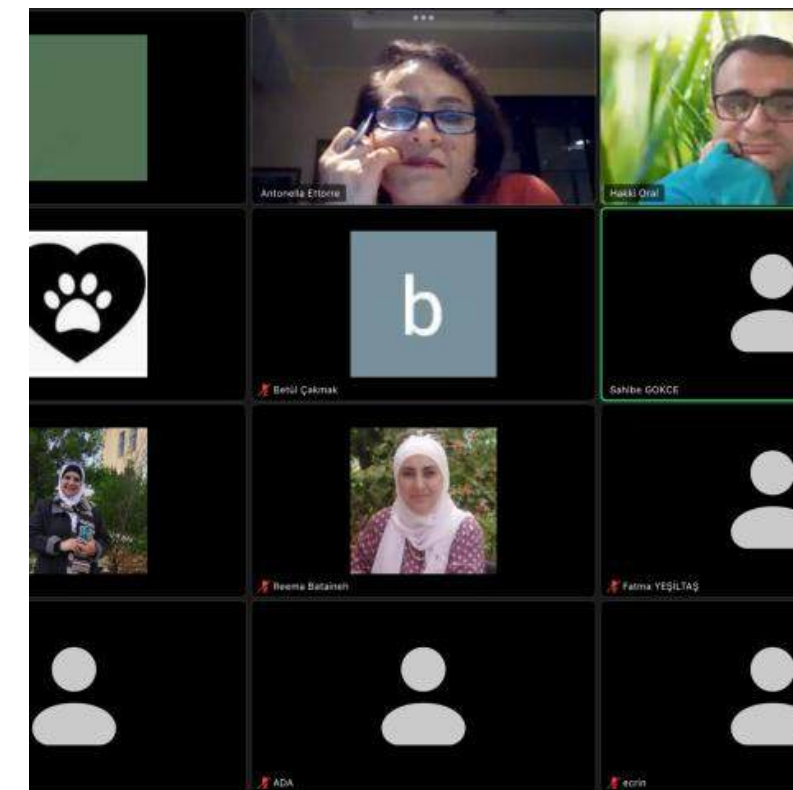

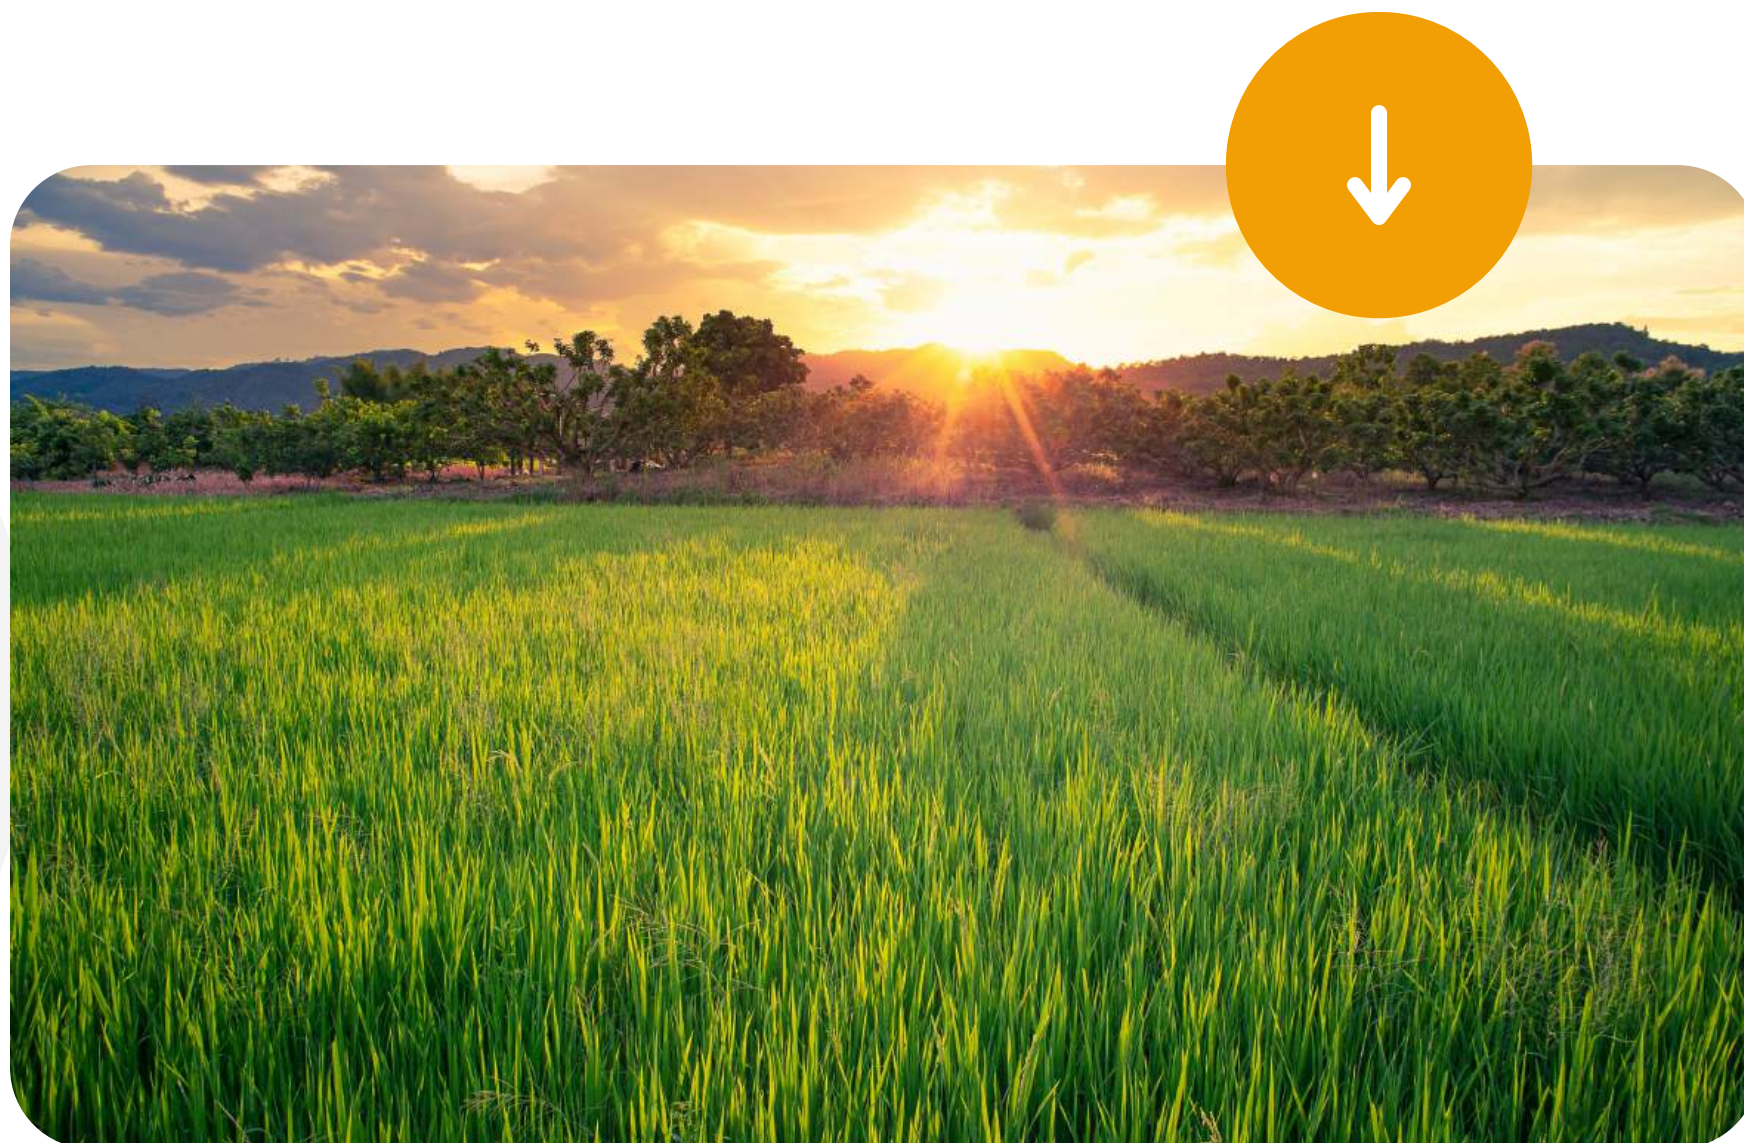

### Mission

Working with common rules. To cooperate

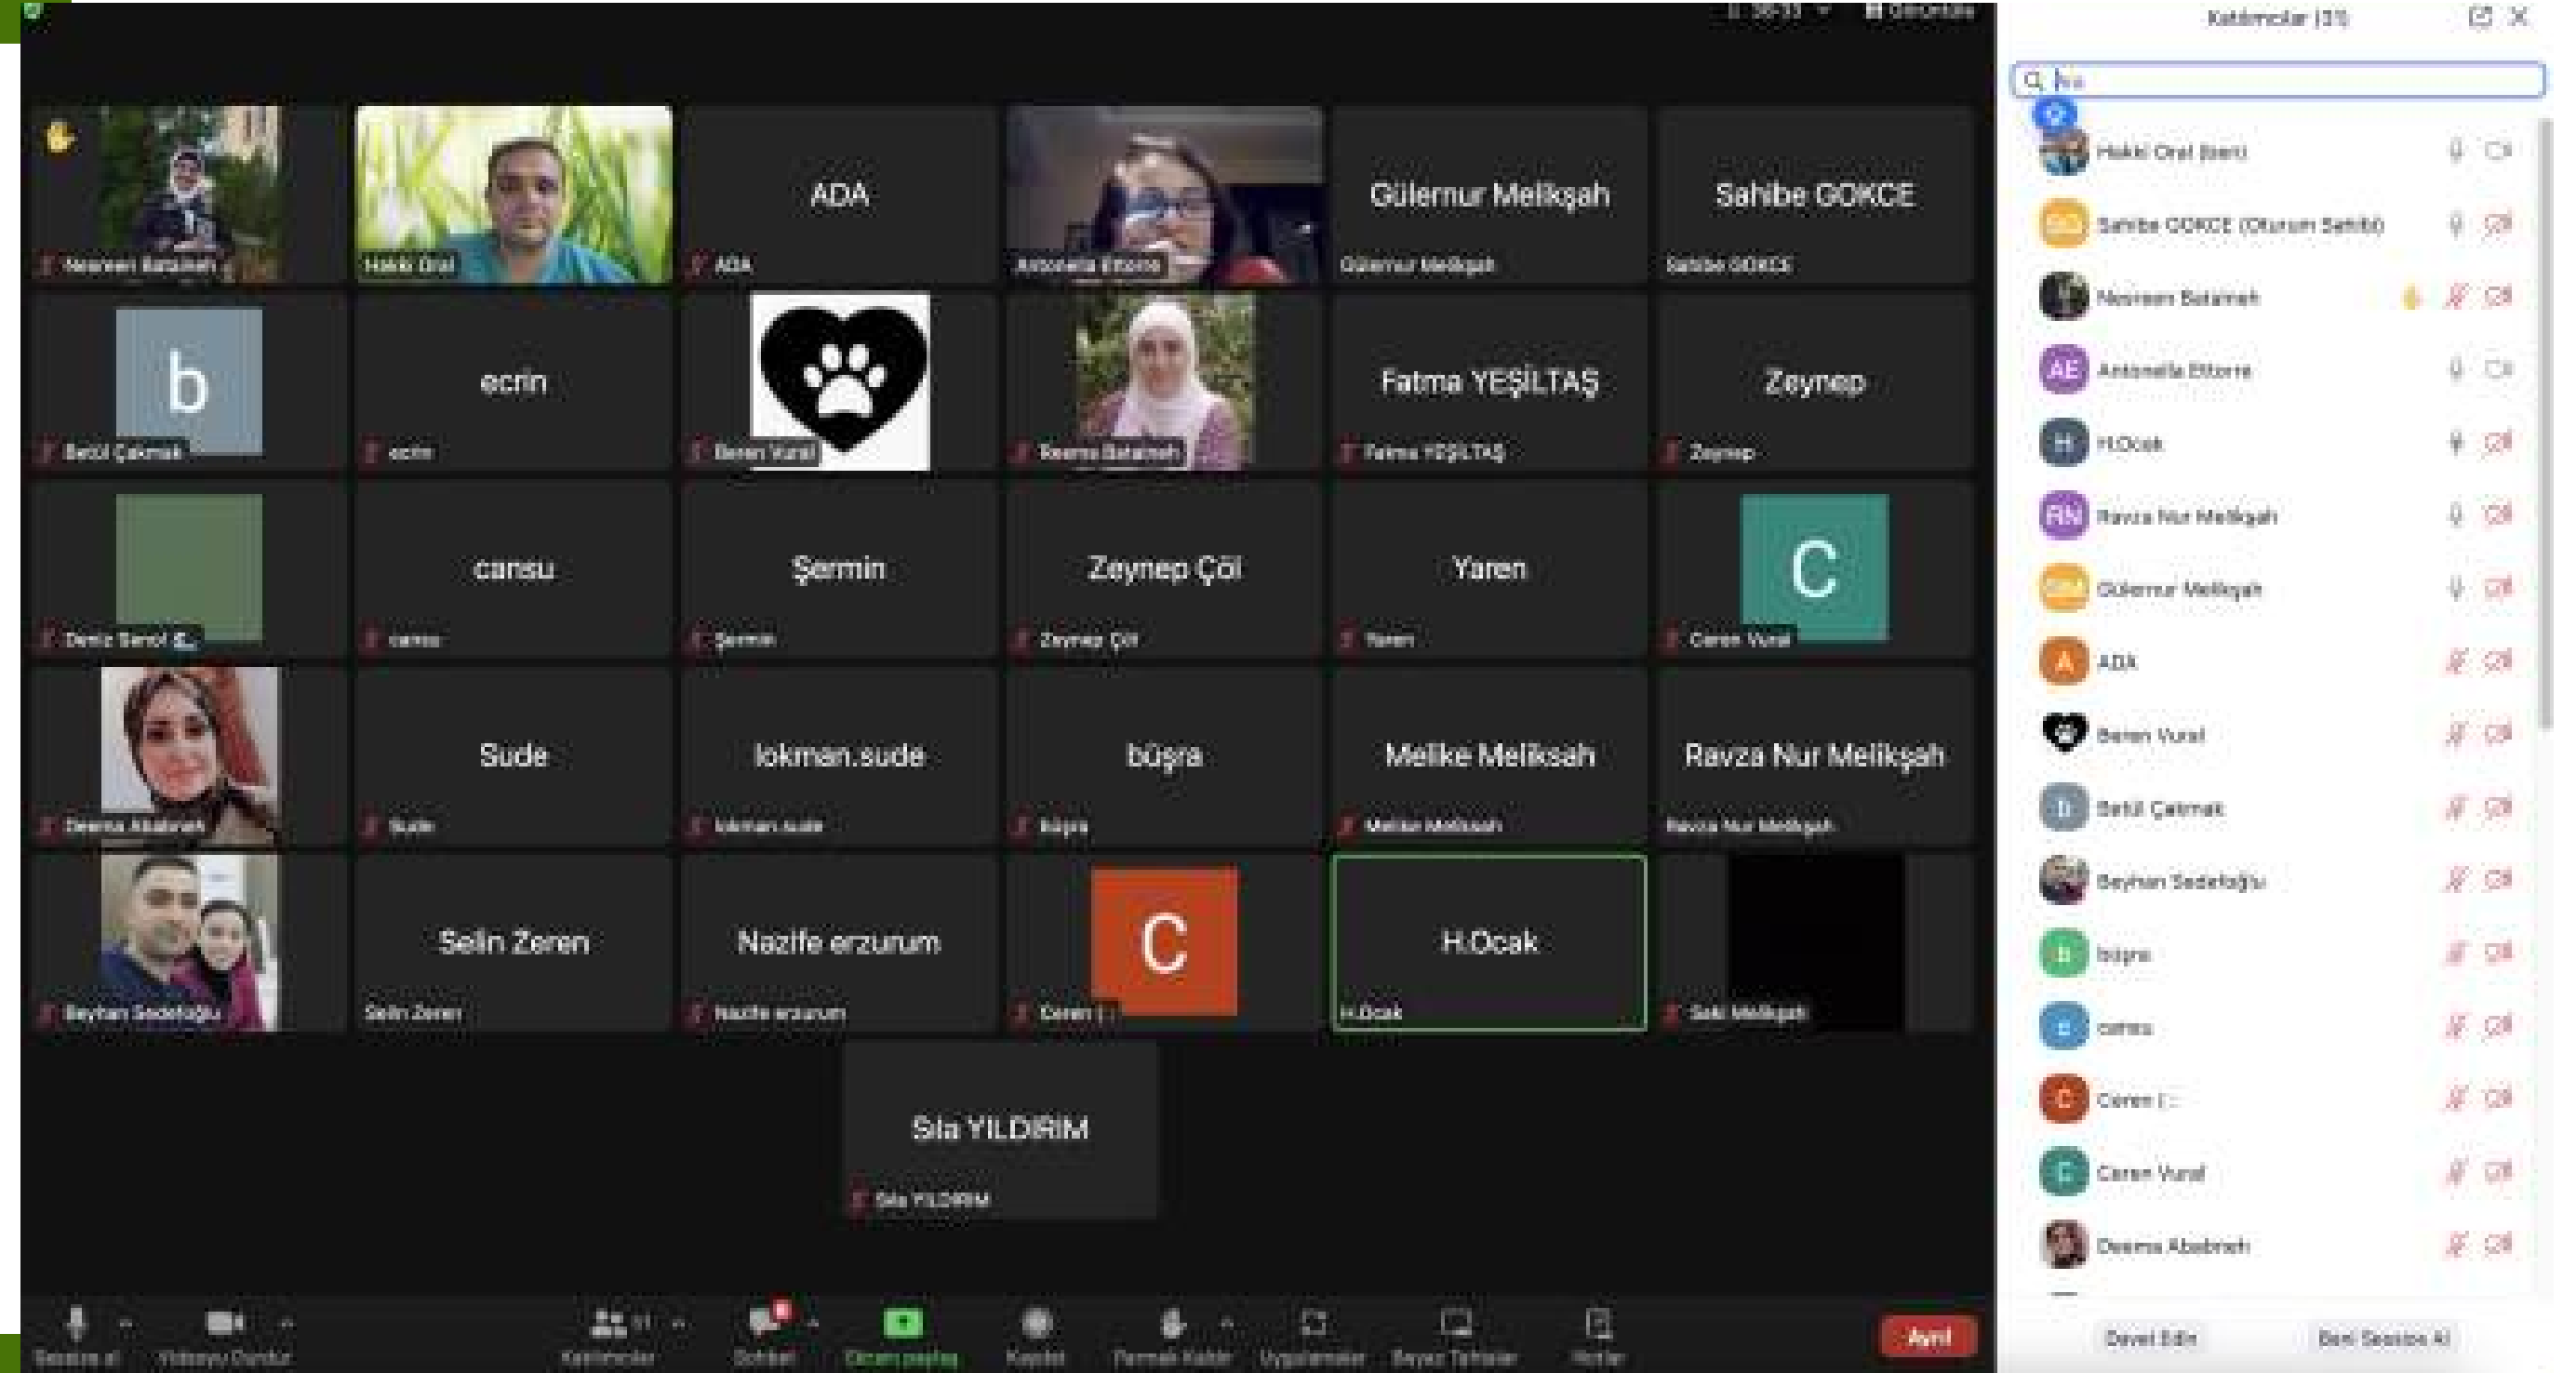

# WEBiNAR

WITHIN THE SCOPE OF THE PROJECT, WE ORGANIZED WEBINARS WHICH STUDENTS AND TEACHERS PARTICIPATED. WE APPLIED WEBINARS ON ZOOM PLATFORM

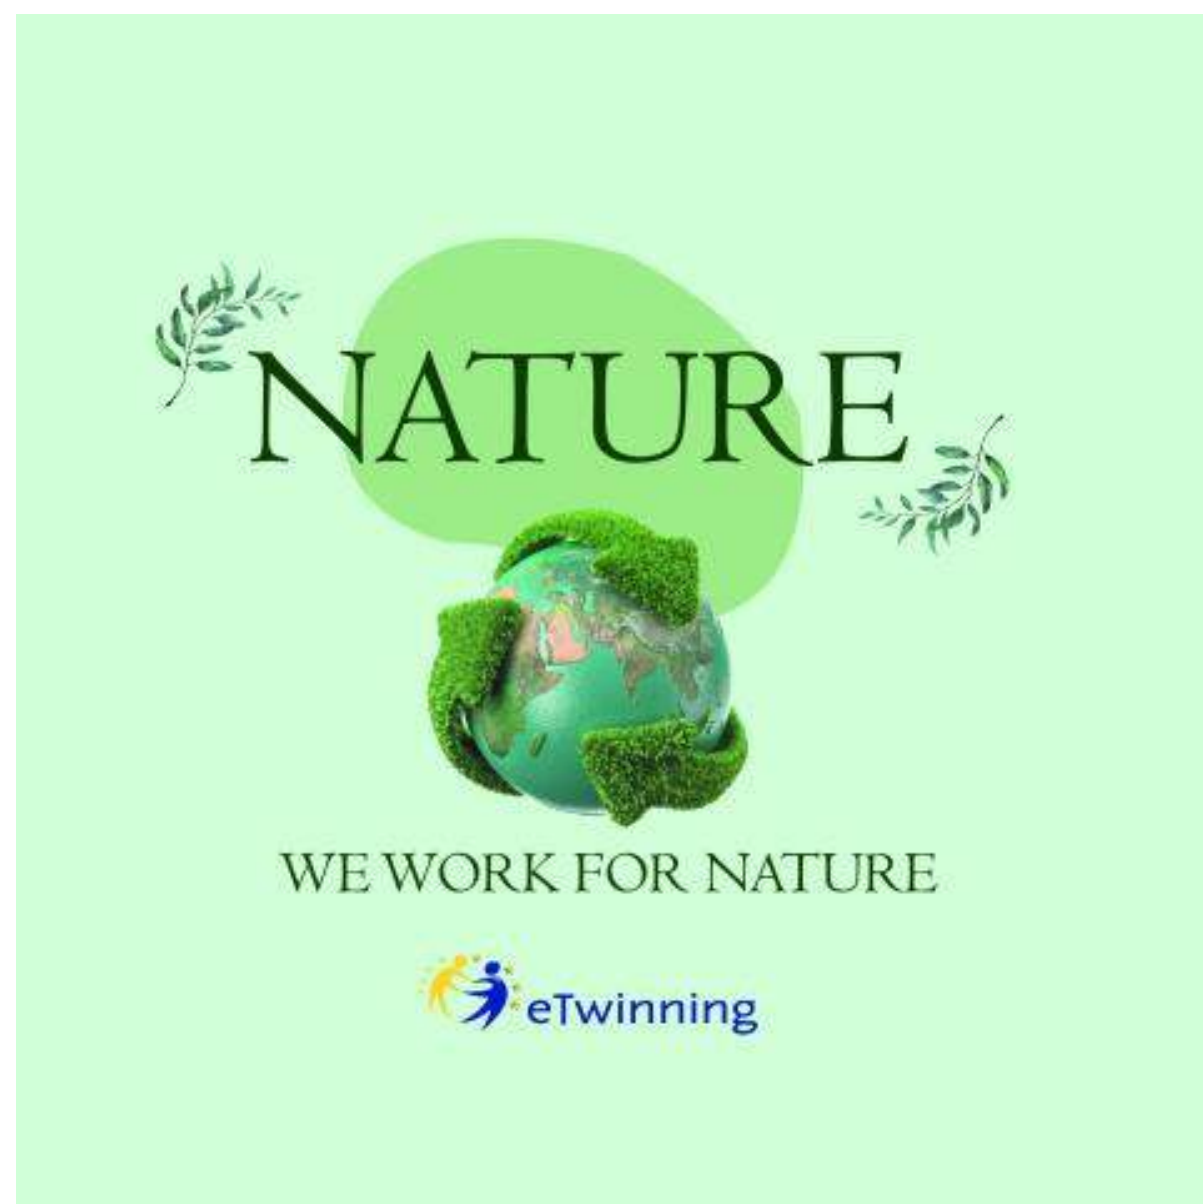

# WEBİNARS

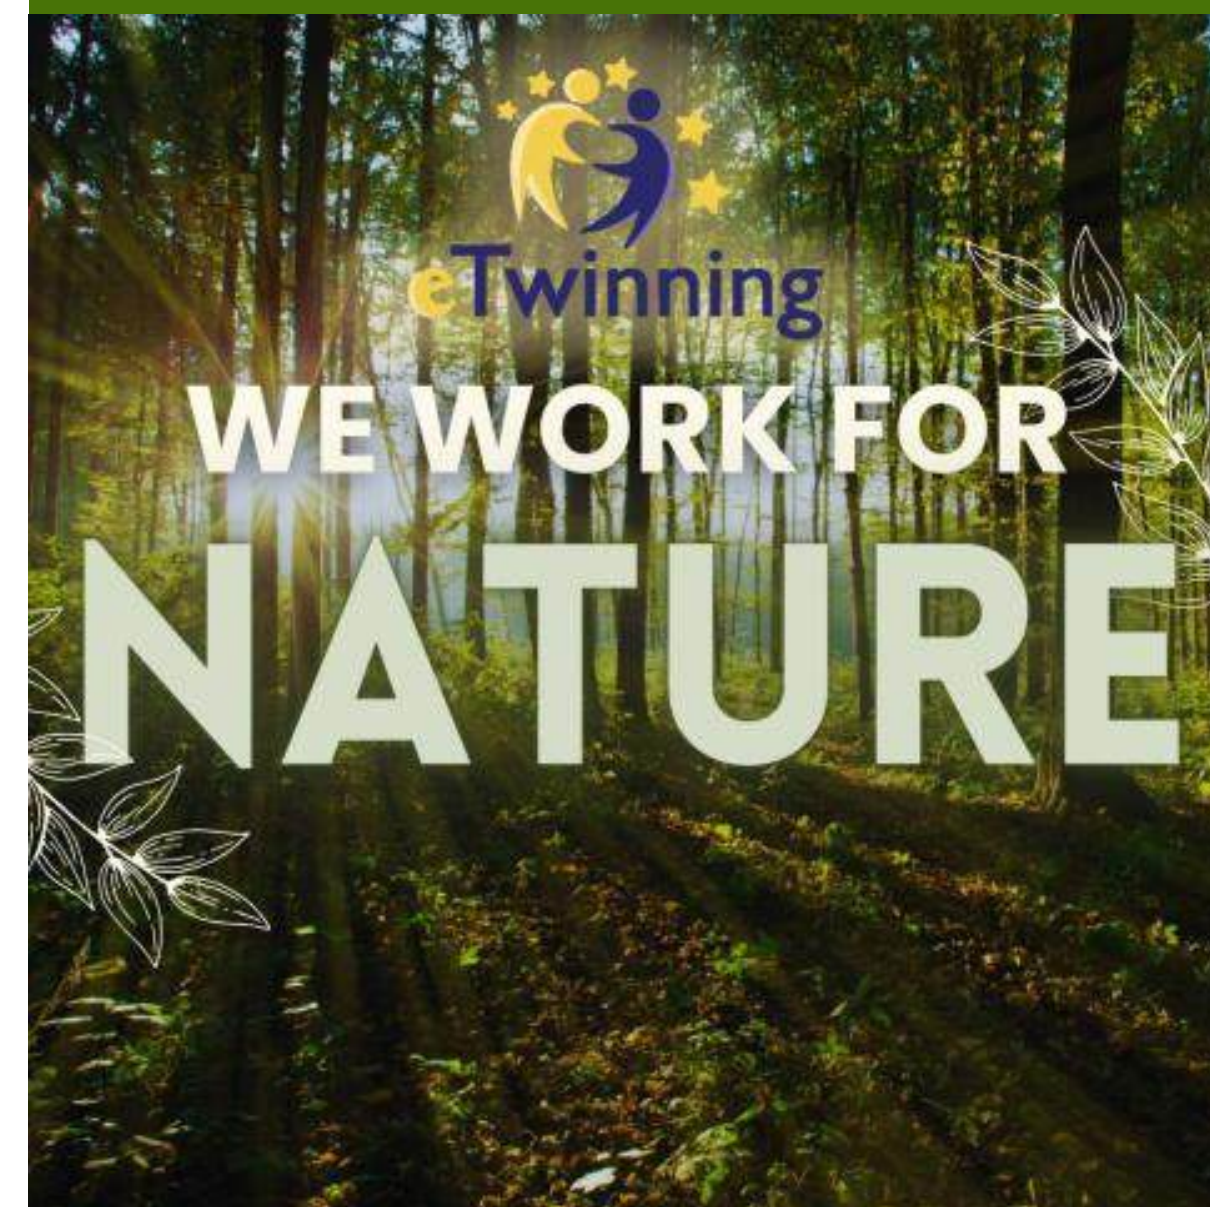

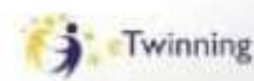

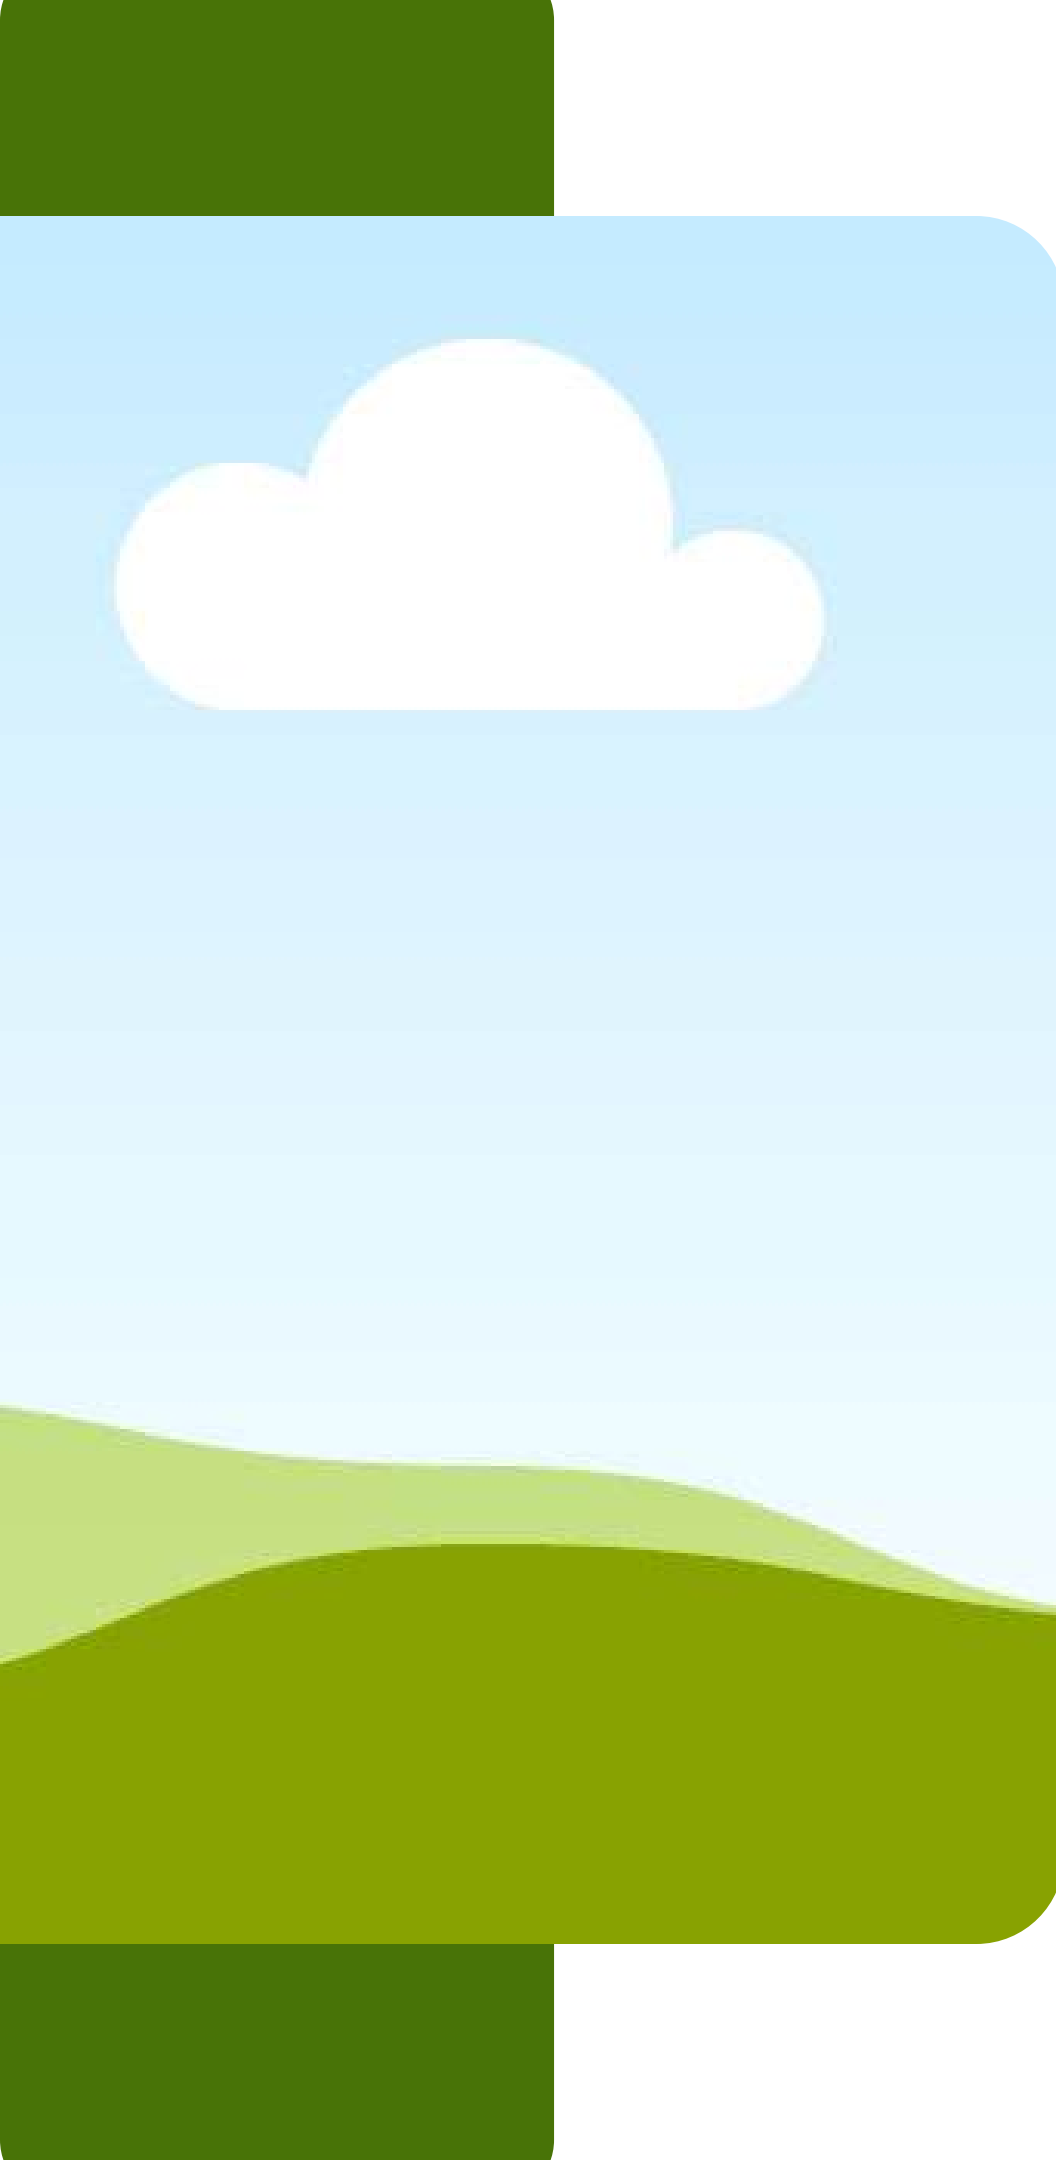

# WE HELD A LOGO SELECTION SURVEY AFTER THE LOGO STUDY

WE WORK FOR

## EXPECTED RESULTS

### OUR PROJECT PURPOSE

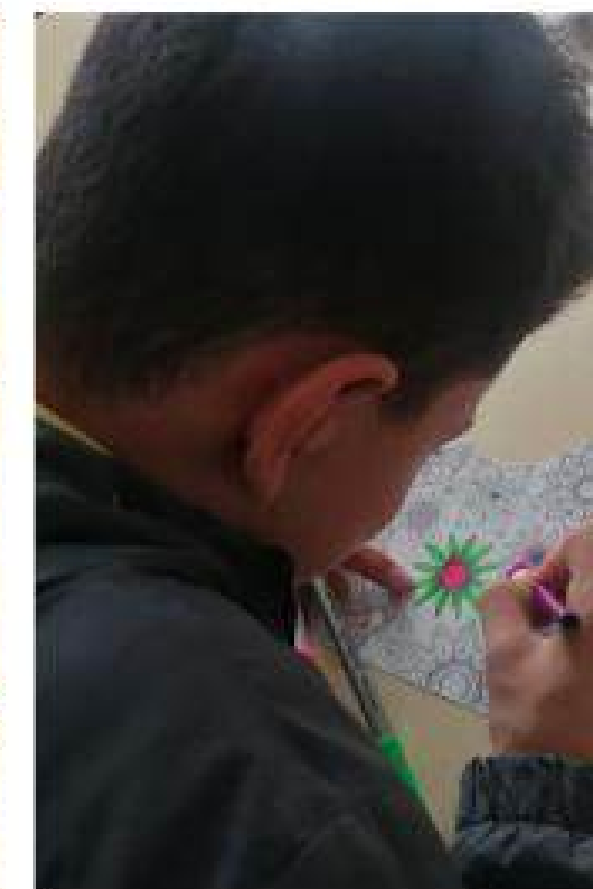

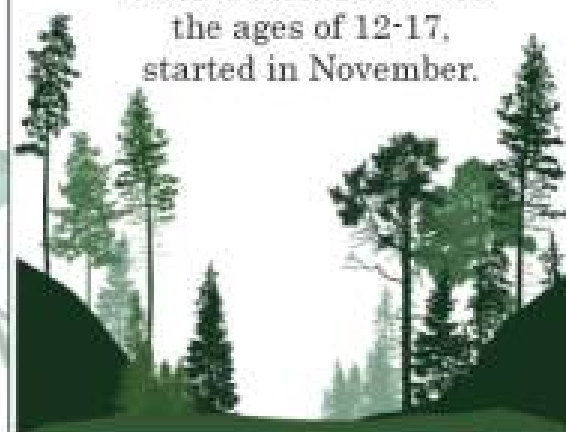

- 1- To develop environmental awareness in our students.
- 2- To raise awareness of our students about the importance of protecting nature.
- 3- Designing multiple learning environments for our students.
- 4- Making artistic works using waste materials.
- 5- To make our students understand the importance of recycling.
- 6- Raising awareness about environmental problems.
- 7- To increase the cooperation skills of our students.
- 8- Teaching our students the model of learning by experiencing.
- 9- The importance of environmental sustainability through responsible consumption.

- 1 – Increasing environmental awareness among our students
- 2- Our students will realize the importance of recycling.
- 4- They will learn to use the materials around us more consciously.
- 5- To ensure permanent learning by applying the learning by experiencing model.
- 6- They will learn teamwork and cooperation.

## WE WORK FOR NATURE

Our project, which will be carried out by a total of 6 countries with students between the ages of 12-17, started in November.

Introduction

**SAHİBE GÖKÇE-  
MEHMET ÖZCAN  
TORUNOĞLU  
SECONDARY SCHOOL  
ANKARA/TÜRKİYE**

Hi,I'm Sahibe from Turkey.I'm an English teacher at MÖT in Ankara. Thanks to this project, we desire to raise awareness about endless appreciation for nature, realising that our resources are not unlimited; for this reason, we wish to raise consciousness on issues such as the importance of a sustainable lifestyle". All the activities and studies we are trying to do are for us to understand and explain that there is NO OTHER WORLD WE CAN LIVE IN and that we can realise this before it is too late.

**Filiz Aslan -  
Turkey/Diyarbakir/ Lice  
/Kayacık Şehit Jandarma  
Çavuş İsmail Uygun  
Secondary School**

Hello, my name is Filiz Aslan, I work as a mathematic teacher. Nature is very important for all of us. To live happily, we must maintain the balance of nature. We are doing this project to help my students live in harmony with nature and to explain this to the people around them.

**Öznur ERBEY- Şehit  
Muhammed Fatih Safitürk  
İHO**

Hello, I am working as a science teacher in Eskişehir. I love nature and science very much. I have been interested in e twinning projects for 5 years.

**Antonella Ettore -  
ITT"B.Chimirri" -  
CATANZARO - ITALY**

Hello! I'm Antonella Ettore, a teacher of English in a Technical High School, which is based in Catanzaro, Italy. I've been teaching for 39 years. I love teaching and travelling. I'm very enthusiastic at the idea of participating in this project. We need to protect our planet and as teachers our task is to make our students aware of the real risks of destroying the world in which we live. Our objective is to make our students love Nature in order to live in Harmony with it and with its beauties

**Hakki ORAL -**  
Turkey/Diyarbakir/Buyukk  
adi Secondary School

Hello, my name is Hakki Oral, I work as a Guidance Teacher and Psychological Counselor. Nature is very important for all of us. To live happily, we must maintain the balance of nature. We are doing this project to help my students live in harmony with nature and to explain this to the people around them.

**MELTEM ÇETİNER -**  
Şırnak Anadolu Lisesi -  
Şırnak/Turkey

Hi, my name is Meltem Çetiner. I work at Şırnak Anatolian High School as a German Teacher. My motto is "Save the Nature for the Future". Because I believe that for a livable world, we need to make it sustainable. My purpose is to make the people (especially the students and friends around me) increase awareness of environmental problems and remind their responsibilities for the nature by this project.

**Nesreen M.**
